

One to One Shield

The One to One Shield is a lightweight, easy to assemble screen designed specifically to fit widthways on a standard primary school desk. This portable screen is ideal for those working with children who have communicational needs. The shield provides a good view of facial expressions and lip patterns with a 40mm clearance at the base to allow paperwork to be passed from one side to the other. The feet lock into the screen allowing it to be carried from one session to another.

Material:

5mm thick clear styrene.

Dimensions:

700mm wide x 600mm high x 175mm deep.

Assembly instructions:

Product comes flat packed. The 2 base sections slot easily into the base of the shield (no tools required).
